Planning Worksheet: Outcomes, Teaching/Learning Activity, Assessment Tool

Use the worksheet to generate ideas for converting current in-class teaching/learning activities and assessments into online variations.

Outcome	**Current Teaching Learning Activity**	**Online Teaching Learning Activity**	**Current Assessment Strategy**	**Online Assessment Strategy**
Example: Evaluate and assess (or reevaluate and reassess) your current course/project outcomes. (cognitive)	Lecture/PowerPoint, Group Discussion Questions	Create a learning module with some narrative, and some self-reflection exercise, questions	Submit current syllabus for rubric	Submit syllabus online through discussion forum for comment from all students according to course-review rubric (or other variations)
